Aspiration is the new driver of consumption, and it is not limited by income.

Nandan Nilekani

Architect of Digital India & Global Visionary

Transforming Nations Through Technology & Innovation

Key Contribution

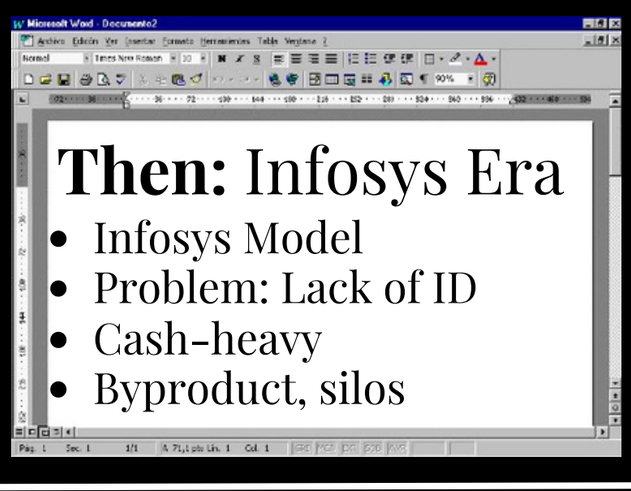
- Co-founder of Infosys: Placed India on the global tech map.
- Architect of Aadhaar (UIDAI): World's largest biometric identity system.
- Pioneer of India Stack: Open APIs & digital public goods.
- Philanthropist & Author: Improving education, "Imagining India."

Corporate Relevance: A Blueprint for Business

Digital Transformation at Scale: Example: Reliance Jio.
Building Platforms, Not Just Products: Example: Apple's App Store.
Data as a Strategic Asset: Example: Netflix.

A Timeline: Journey of Impact

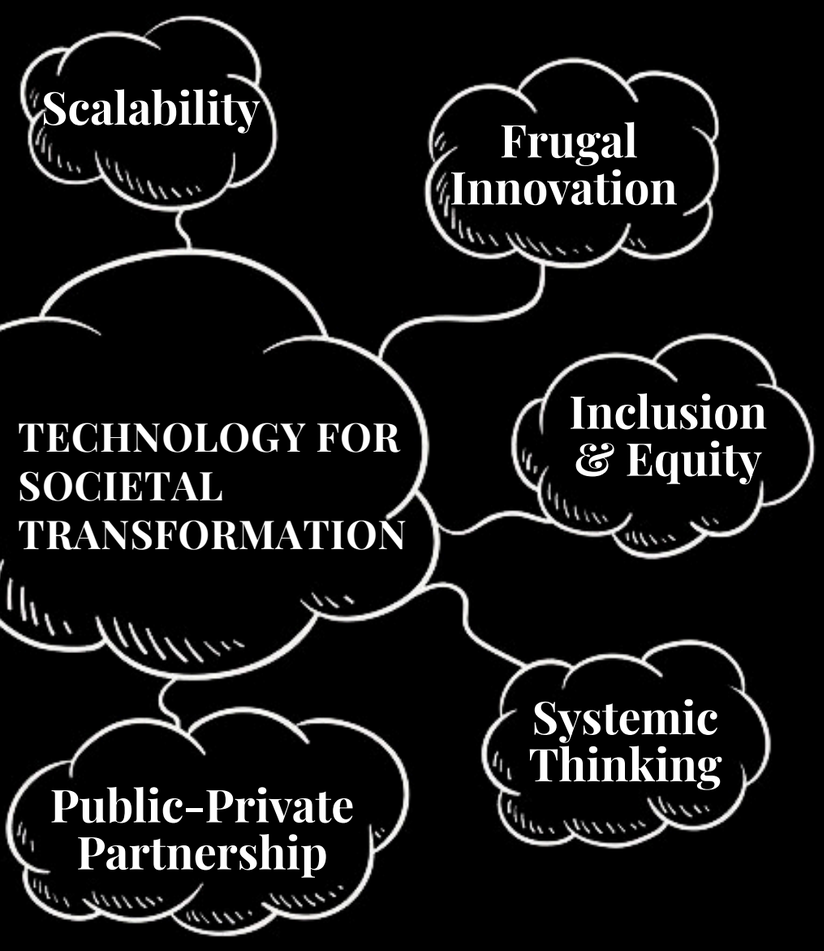
Then vs. Now: Applying Timeless Teachings

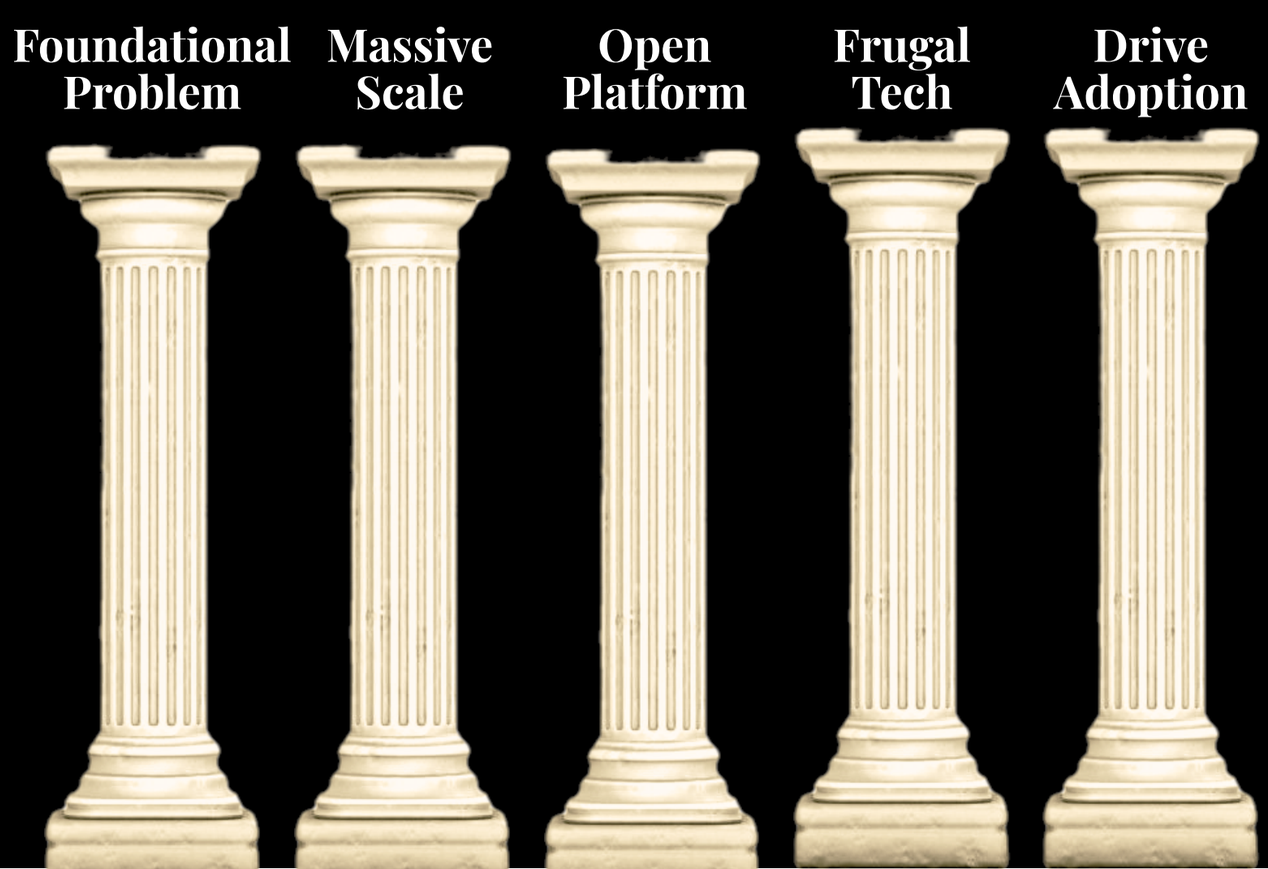


Then: Infosys Era
- Infosys Model
- Problem: Lack of ID
- Cash-heavy
- Byproduct, silos

Now: Digital Era
- Global Product Model
- Instant Payments (UPI)
- Digital Identity
- Core for AI/ML

Nilekani's Core Principles



Nilekani's 5 Pillars of Transformation


Corporate Example: Zerodha
